A Compass points ●○○

Remember: The four main points are north, east, south and west. Halfway between them are north-east, south-east, south-west and north-west. Clockwise is the way the hands of a clock turn.

1. Which way do you face after each turn?

a) You face north and turn 90° clockwise. _____

b) You face east and turn 180° clockwise. _____

c) You face south and turn 90° anticlockwise. _____

d) You face west and turn 90° clockwise. _____

e) You face north and turn 180° anticlockwise. _____

f) You face east and turn 270° clockwise. _____

2. Write the direction that is opposite to each of these.

a) North _____ **b)** East _____ **c)** South-west _____ **d)** North-east _____

B Turns in degrees ●●○

Remember: A full turn is 360°. So a half turn is 180° and a quarter turn is 90°. From north, a quarter turn clockwise takes you to east.

3. How many degrees are there in each turn?

a) A quarter turn _____ **b)** A half turn _____ **c)** A three-quarter turn _____

d) A full turn _____

4. What angle do you turn through, clockwise?

a) From north to east _____ **b)** From east to west _____

c) From south to west _____ **d)** From north to west _____

C Map scales ●●○

> **Remember:** A scale tells you what each centimetre on the map stands for. If 1 cm represents 5 km, then 3 cm on the map is $3 \times 5 = 15$ km in real life.

5. Find the real distance.

a) 1 cm represents 5 km. A distance on the map is 3 cm.

b) 1 cm represents 2 m. A distance on the map is 7 cm.

c) 1 cm represents 10 km. A distance on the map is 6 cm.

d) 1 cm represents 50 m. A distance on the map is 4 cm.

D Grid references and pathways ●●●

> **Remember:** A grid reference names a square: the letter first (across), then the number (up). North is at the top of the map.

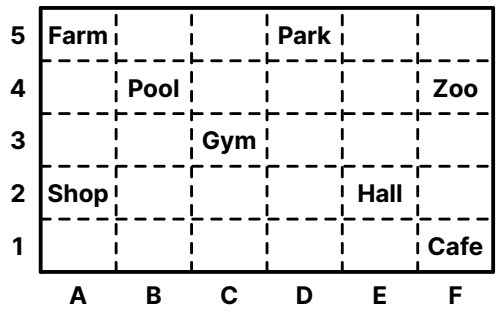

6. Use the map. Write the grid reference of each place.

a) The gym _____

b) The pool _____

c) The zoo _____

d) The farm _____

7. Which place is in each square?

a) Square D5 _____ **b)** Square A2 _____

c) Square E2 _____ **d)** Square F1 _____

8. Which compass direction do you travel in?

a) From the farm to the shop _____ **b)** From the pool to the zoo _____

c) From the gym to the pool _____ **d)** From the hall to the cafe _____

9. Follow each set of directions on the map.

a) Start at the shop. Go 2 squares east and then 1 square north. Where are you? _____

b) Start at the zoo. Go 4 squares west. Where are you? _____

c) Start at the farm. Go 3 squares east. Where are you? _____

d) Start at the cafe. Go 1 square west and then 1 square north. Where are you? _____

★ Extension

10. You face north. You turn 90° clockwise, then 180° clockwise, and then 90° anticlockwise. Which way do you face now?

11. Write directions to get from the farm to the zoo on the map, using squares and compass points.
