Dot Plots and Frequency Tables

Name _____ **Date** _____ No calculator Version 1

KEY WORDS dot plot · frequency · tally · frequency table · mode · median · mean · range

A Making a frequency table ●○○ ANSWER ON THE SHEET

Remember: Make one tally mark for each value. The frequency is the number of tally marks. The frequencies should add up to the number of values.

1. The numbers of pets owned by 20 students were: 1, 0, 2, 1, 3, 1, 0, 2, 1, 1, 4, 0, 2, 1, 3, 1, 2, 0, 1, 2

Pets	Tally	Frequency
0		
1		
2		
3		
4		
Total		

B Reading a frequency table ●○○ ANSWER ON THE SHEET

Watch out: The mode is the value with the highest frequency. It is not the frequency itself.

2. The table shows the number of goals scored by a football team in each of its games.

Goals	0	1	2	3	4
Frequency	4	7	5	3	1

a) How many are there altogether? _____

b) What is the mode? _____

c) What is the range? _____

d) How many are more than 2 goals? _____

C Averages from a dot plot ●●○

WORK IN YOUR BOOK

Remember: Each dot is one piece of data. The mode is the value with the most dots. For the median, count along the dots to the middle one.

3. The dot plot shows the number of books read by each student in a group last month.

a) How many pieces of data are there?

b) What is the mode?

c) What is the range?

d) What is the median?

e) What is the mean?

4. The dot plot shows the marks out of 10 for a group in a spelling test.

a) How many pieces of data are there?

b) What is the mode?

c) What is the range?

d) What is the median?

e) What is the mean?

D Averages from a frequency table ●●●

WORK IN YOUR BOOK

Remember: For the mean, multiply each value by its frequency and add the answers to get the total. Then divide by the total frequency.

5. The table shows the number of people living in each house in a street.

People	1	2	3	4	5	Total
Frequency	2	5	6	5	2	
People × frequency						

a) Complete the table.

b) Find the mean.

6. The table shows the marks out of 5 for a class in a short test.

Mark	1	2	3	4	5
Frequency	2	4	7	8	4

a) How many values are there altogether?

b) Find the median.

★ Extension

FOR EARLY FINISHERS

7. The same data can be shown in a dot plot or in a frequency table. Give one thing that is easier to see in a dot plot.
